

CAPABILITY STATEMENT

2023

COMPANY SUMMARY

Established in 2014 Dolan Civil has over 20 years' experience in the Civil Construction Industry with the largest fleet of Wheeled Excavators in the Northern Territory, founded by Kenneth Dolan. The company continues to extend its capabilities and versatility to service our unique Northern Territory region. Throughout our many years of operation within the Civil Construction Industry, we have acquired a broad range of skills and expertise. In line with our aim of working towards continuous improvement, we are constantly seeking to expand and extend our knowledge base, employing new technology, equipment, and methodologies in line with sustainable and ethical practices.

We are built on our reputation
